

Volunteers Needed

Senior Center's Firewood for Home Heating Program

Can you spare a few hours to
split or deliver firewood?

The Senior Center's Firewood for Home Heating Program is directed toward lower-income, homebound and frail Tuolumne County residents age 60 and older whose primary source of heat in the winter is firewood.

Volunteers are needed both to complete wood splitting and deliveries for this season and to prepare for next winter.

For more information about volunteering, contact Leon Casas Jr. at (209) 770-5986.

For more information about the Firewood for Home Heating Program, contact the Senior Center at (209) 533-2622.
